Edwin S. Gallacher, President
Portland Cement Co. of Utah
615 West 800 South
P.O. Box 1469
SLC, UT. 84110

Dear Mr. Gallacher:

We have been informed by the Industrial Commission that your firm intends to open up a new limestone quarry in Tooele County.

As you may know, all new mines after May 15, 1975, are required to file a Mining and Reclamation Plan with this Division before commencing operations. This is called for by the 1975 Utah Mined Land Reclamation Act. Also, according to the Act, all operations existing on May 15, 1975, are required to file their Mining and Reclamation Plans with this Division by July 1, 1977.

In order that you may comply with the Utah Law, I am sending you duplicate copies of the basic filing forms, the Act and the regulations. The staff of this office will answer any questions you might have on this matter and we are ready to offer any assistance you might need in completing the various details of the filing procedure.

We are including your office on our mailing list of monthly notices.

Very truly yours,
DIVISION OF OIL, GAS, AND MINING

BRIAN W. BUCK
ENGINEERING GEOLOGIST
